Unauthorized entry and/or use of this system may subject you to both civil and criminal liability under applicable state and/or federal laws and regulation." Below this, there are sections for "UMich user" (with a link to login/register) and "Not a UMich user?" (with a checkbox for "Login using iLab credentials"). A footer note says "If you don't have an account, please register for an iLab account." There are also two empty input fields and a copyright notice for 2006-2013.

- **Register for an Account.** Using your Uniquname and Level-1 password, create an account at: [umich.corefacilities.org](http://umich.corefacilities.org).

- **All users must affiliate themselves with a Principal Investigator and/or lab.** After

you register, you will request a lab affiliation by selecting a PI's name from the drop-down menu provided and submit the request. This needs to be approved by a lab manager or PI. Once your PI and/or Lab Manager has approved the request, you can request access to the Core and begin using services.

- **Request access to a Core.** You must request access to each core in order to begin using services. On the left-hand navigation, under *Core Facilities*, select *List All Cores*. You will be directed to [https://umich.corefacilities.org/service\\_center](https://umich.corefacilities.org/service_center). Then, click on the Core of your choice (listed as *UMICH \_\_\_\_ Core*), and click on the button *Send access request*.
